

GC-220SS

STAINLESS STEEL RECIPROCATING CODER

Greydon introduces the **GC-220SS** all Stainless Steel Reciprocating Ink Printer. Precision built, this printer offers the highest quality print along with strength and durability. The all Stainless Steel construction also makes it ideal in a wash down environment. The dual flow controls and large air cylinder provide for a smooth consistent stroke which will not be affected by fluctuations in air pressure. In addition the GC-220SS features the remarkable INKAP printhead which monitors ink absorption and print consistency while extending cartridge life.
